**United States
Environmental Protection Agency**

announces a

PUBLIC MEETING AND COMMENT PERIOD

for

**Kerr-McGee Residential Areas Superfund Site
West Chicago, Illinois**

EPA is proposing that no further cleanup action be taken at the Kerr-McGee Residential Areas site once the ongoing removal of radioactive soil has been completed. EPA expects the cleanup to be finished during 2003, and at that time, the radiation levels will be within safe limits.

Public Meeting

EPA will hold a public meeting to explain its final cleanup plan. The meeting will give you a chance to ask questions, and to give written comments and speak for the public record:

**Tuesday, July 29, 2003 at 7:00 p.m.
West Chicago City Hall
475 Main St.
West Chicago, Ill.**

EPA will accept written comments on its final cleanup plan during a 30-day public comment period:

July 10 - Aug. 11, 2003

Comments should be sent to Stuart Hill. Additional information about the Kerr-McGee site can be found at the information repository in the West Chicago Public Library, 118 W. Washington St., West Chicago, Ill.

If you have any questions or require special accommodations for the meeting, please contact:
